

Name: _____

Date: _____

Vocabulary Learning: Function Playtime

Needed Materials

Your child's favorite toys

How To Play

While playing with your child, ask about the function of certain toys.

Ideas To Try

- Cars: To Drive
- Balls: To throw/bounce
- Play Food: To eat
- Tea Set: To drink
- Blocks: To build
- Chair: To sit
- Trains: To go, Bring people
- Planes: To fly

Try to make your questions as natural as possible and try to avoid playtime turning into a quiz. To accomplish this, ask questions while you play such as:

- "Oh, you have a good ball. What do you do with a ball?"

Hopefully, your child will say "throw it!" If not, tell them the right answer and get back to playing.
