### Vacation House

Nancy and her family rented a nice vacation house located on a sandy beach. The vacation house had beautiful green plants in the window sills, nine rooms, and a nice porch.

Every day was sunny. On Sunday, they watched the sunrise and saw a bird make a nest in a tree. On Monday, they played with the neighbors and watched the sunset on the beach. The next day, they built sand castles in the sand and even found a net to play with in the ocean.

On Wednesday, it was raining. They were sad not to have a sunny day but they still had fun watching television until the rain cleared. After an hour, the rain stopped and a beautiful rainbow appeared in the sky. They ran outside to see it.

There were endless, fun things to do on this vacation and they can't wait to go back again!
