# Phonological Awareness

## Which 2 Words Rhyme?

### Needed Materials

Rhyming list of 3 words (located on the following page)

### How To Play

Print the word list. Read all 3 words located in the same row and then have your child decide which two words rhyme. This is a good auditory memory task as well.

If your child gets it right, go on to the next question. If your child can't figure out the answer, read one word such as "dog" and then ask your child..."does dog, log rhyme" or "dog, cat rhyme?"

If your child still doesn't get it right, tell him/her which 2 words rhyme while emphasizing the ending sounds. Explain how they sound the same at the end!
