Needed Materials

Rhyming List (located on the following page)

How To Play

Print the list of rhyming words. Read a pair of words from the list to your child and then ask....Do they rhyme?

If your child gets it right, yeah! Move on to the next pair. If your child makes a mistake, repeat the pair of words again and emphasize the ending sound. Explain how the ending sounds are the same so they rhyme or how they are different and don't rhyme.
