

Name: _____

Date: _____

Possessive S

House/Farm

Needed Materials

A house, farm, or any toy with little people, animals, or cars

How To Play

Get on the floor or sit at a table with your child. Start to play with the house or farm.

While playing, have the little people or animals take or play with something.

For example, you may give a bottle to a baby. Ask your child “whose bottle is it?”

Hopefully, your child will respond with “the baby’s bottle.”

If your child does not respond with the correct response, say the correct answer and ask your child to repeat it. Then, move on!

Tip

Make playing as fun and natural as possible. Don’t turn it into a quiz
