# Story Structure

## TV Show

### Needed Materials

Time to watch an episode of your child's favorite show *with your child*

### How To Play

With your child, watch an episode of one of your child's favorite shows.

While watching, pause the show if you can or wait for the commercial and ask your child to re-tell what is going on. Make sure your child includes:

- Person (who)
- Place (where)
- Event (what happened)

If your child misses a component, ask a needed question such as:

- "Who is in the show?"
- "Where are they?"
- "What happened?"

Once all parts are identified, ask your child to say the story again.
