Short Story

Directions: Have your child read the story below. If your child can't read, read the story and then ask your child questions. Don't forget to practice /t/ with each response.

Tori's Tool Shed

Tori loves her huge tool shed. She keeps all her tools organized in the tall shed. When she wants to build something, you walks to her tool shed and finds everything she needs.

Today, Tori is going to build a treehouse. To make a treehouse, she needs many tools such as a saw, hammer, nails, and wood. Since it is cold, Tori needs her jacket, hat, and boots too. Tori gets right to work.

It took Tori two days to finish her tree house. On Tuesday, when it was completed, she rinsed off her dirty tools, jacket, and boots with the hose and put them back in the tool shed.

She returned to her treehouse and was ready to play. She called two of her friends, Brant and Tracy, to play too. They said they would be over in ten minutes. They were very excited to play!
